

Annex B – Quality Policy Statement

Aviation Requirements Ltd provides a wide range of specialist support to the UK Ministry of Defence (MoD) and Defence Sector Industries. As an Organisation Aviation Requirements:

- ✓ Is committed to complying with all applicable customers, statutory and regulatory requirements and to continually improve the effectiveness of our Quality Management System:
- ✓ Confirms a total commitment to the health, safety and welfare of its personnel through a policy of corporate responsibility and open dialogue at all levels.
- ✓ Is committed to providing a consistently conforming service that exceeds customer expectations; this is supported by compliance against ISO9001:2008 / AS9100C:2009 and other necessary legal and contractual obligations.
- ✓ Is committed to continually improving the management systems in support of ensuring continued compliance.

Aviation Requirements establishes the above philosophies of the organisation by ensuring the continuation of the following:

- Identifying the necessary resources and expertise to meet the customer specified needs with due consideration to compliance and environment.
- Compliance with internal processes and procedures to achieve declared aims supported by documented records.
- Evaluate the efficiency of the business system by prioritised safety and quality system related internal audits.
- Maximum communication with customers and suppliers in support of product compliance and traceability.
- Motivate and encourage inclusion of all technical and administration personnel at all levels.
- Regularly reviews the Quality Management System at which, appropriate measurable quality objects are established and reviewed.
